Complete Engines for Dodge Neon for sale | eBay

The neon engine is backwards from the eclipse n/t engine. It is possible to swap the 4g63 it a neon, cause anything is possible, but the amount of money and work wouldnt be worth 210 hp when it would be easier and cheaper to just turbo the 420a in the neon. Plus the 420a in your car has more power than the eclipse 420a.

neons.org - Front Page

I just did a engine swap on my 2001 dodge durango. All went pretty well, when putting in the starter. It was stuck about 1/2 an inch out I thought it was wierd that it wasn't just slipping in, gave it a few more turns on the bolts and it kind of popped in place. When I started the car, I heard a clanking noise near the engine and transmission area.

I just did a engine swap on my 2001 dodge durango. All ...

Well i recently was able to get a donor car which is a 2000 Dodge Neon. There are some mechanics to work out but thankfully i have enough resources to get that sorted. The engine is in tear down mode at the moment and the interior is being prepped for all the essentials. I would gladly take on any input that you all have.
