I ran a rental fleet of Honda Aquatrax F-12's before switching to SeaDoo a few years ago. You should be very happy with them as long as you keep the dry parts dry! Here is a short list of the most common issues I had with them: 1. I've found that Hondas are relatively easy to roll if not careful.

Aqua Trax F-12 For Sale - Honda PWCs - PWC Trader

Hey guys.. I have a 2002 Honda F12X. Fires up beautifully and runs great, BUT the machine will not go over 48-49 MPH. I have tested the WG actuator and it seems to be working fine. I also installed a boost gauge and the psi is around 12.5 which is about normal. In the water under a load the RPMs will only reach 5310 at 48 MPH. Out of the water on a water hook up, the machine will tach 6600 RPMS.

Honda AquaTrax F12X will not run over 48 mph
