Reference List - AMA Style (10th ed): Citing Your Sources ...

AMA 10th edition citation style is based on superscript and Arabic numerals (1, 2, 3, etc.). It means that your in-text citations and references list are closely connected because whatever source you mention in text first is going to be the first in a final list as well. Place numbers right after the fact or quote you mention.

AMA Citation Generator [Free Referencing] - EduBirdie™

Citations and references are the two parts needed for AMA referencing. The citation should be found in the text, and the full reference should be found in the reference list at the end of the research paper. Both components are linked by a number, which is defined by the order of

appearance within the text (starting with 1, then 2, etc.).

Free AMA Citation Generator by Cite This For Me

References serve 3 primary purposes—documentation, acknowledgment, and directing or linking the reader to additional resources. Authors may cite a reference to support their own arguments or lay the foundation for their theses (documentation); as a credit to the work of other authors (acknowledgment); or to direct the reader to more detail or additional resources (directing or linking).
