Cell Respiration Kit for AP Biology Student Guide Optional: If your instructor asks that you add food coloring to the water in the pipet, now is the time. Hang a drop of food coloring from the bottle and allow capillary action to pull the drop into the pipet.

### Carolina™ Cell Respiration for AP Biology

The purpose of the lab was to test out osmosis. No, my results did not exactly support my hypothesis because the bag with 0.0 M of sucrose should have a change of mass of 0, but instead, there was still a change in mass (4.9%). What can be concluded from this lab though, is water does follow higher concentration of "salts" for balance purposes.

Question: "I'm having trouble finding nonabsorbent cotton for the lab." Answer 1: "Carolina Biological sells it. I have not tried it but others say if you use KOH pellets you do not need it. It can be called bacterial plugging cotton (AA-71-2600). It costs about \$8.50 a roll, which will last you for years for that lab."
