Dust is the third book in the Silo series, and nicely brings the storyline to a natural conclusion, but also leaves the door cracked open for any followups that may be written. There are many fan-fiction stories set in this world, and I'm sure there are many who will continue to write in this universe, but the main story is finally concluded.

Silo 18 1 Dust rained in the halls of Mechanical; it shivered free from the violence of the digging. Wires overhead swung gently in their harnesses. Pipes rattled. And from the generator room, staccato bangs filled the air, bounced off the walls, and brought to mind a time when unbalanced machines spun dangerously.
