How might the vast range of ideas about gender and the environment that exist within ecofeminism help us investigate gender in mining in more complex ways?. An ecofeminist interest in mining could explore how mining might be done differently within a philosophy that “embraces intuition, an ethic of caring, and weblike human/nature relationships” (Merchant, 1990, p. 101).

Exploring the distance between ecofeminism and Women in ...

While they neither reduce the problems with the fasting ritual nor imply that women should not enter male-dominated occupations, they do imply a need for women-centric alternatives to conventional development. Liberal ecofeminism runs the implicit risk of reinforcing sexism; it can unilaterally overvalue traditionally masculine labor and undervalue work which is traditionally feminine—including the work that the Garhwali women perform.

Ecofeminist Perspectives on Social Sustainability: An ...

Far from being an eclectic intersection of interests between women and the environment, ‘ecofeminism’ holds a wider significance for integrative sustainable development in the coming decades. This is especially so when viewed from the Global South and its ‘rising powers’, three of which – China, India and Brazil – form case studies in this article.
