Read Book Flooded Rx8 Engine Fix

The best way to fix a gas flooded engine is to open the hood and wait ten minutes before cranking over the engine, with gas pedal flat to the floor until the engine starts. When I was learning to drive, flooding an engine was a real day to day common hazard, once you smelled that raw gas you knew you were in trouble.

flooding problem - CarGurus

Try starting the engine with your foot flat to the floor. Most car computer systems interpret this as meaning that the engine is flooded. It could take 10 seconds to fire and then it will splutter for a while until the air and fuel are in balance. This is why you don't want to run your battery down. This sometimes
