

## Ib Chemistry 1 Quantitative Chemistry Revision Notes Standard And Higher Level Ib Chemistry Revision Notes

Eventually, you will unquestionably discover a new experience and attainment by spending more cash. nevertheless when? reach you take on that you require to acquire those all needs taking into consideration having significantly cash? Why don't you try to get something basic in the beginning? That's something that will lead you to understand even more on the globe, experience, some places, past history, amusement, and a lot more?

It is your certainly own time to proceed reviewing habit. among guides you could enjoy now is **ib chemistry 1 quantitative chemistry revision notes standard and higher level ib chemistry revision notes** below.

World Public Library: Technically, the World Public Library is NOT free. But for \$8.95 annually, you can gain access to hundreds of thousands of books in over one hundred different languages. They also have over one hundred different special collections ranging from American Lit to Western Philosophy. Worth a look.

CHAPTER 1 QUANTITATIVE CHEMISTRY (IB TOPIC 1) SUMMARY © IBID Press 2007 1 Introduction • 1 dm<sup>3</sup> = 1 litre = 1 x 10<sup>-3</sup>m<sup>3</sup> = 1 x 10<sup>3</sup> cm<sup>3</sup> = 1000 ml • Amount of substance, n, is measured in moles (mol). • 1 mol of a chemical species contains the same number of particles as there are atoms in exactly 12 g of C-12 (12 C 6) isotope.

### CHAPTER 1 QUANTITATIVE CHEMISTRY (IB TOPIC 1) SUMMARY

1. Calculate the number of moles - n<sub>1</sub> = c<sub>1</sub>V<sub>1</sub> and n<sub>2</sub> = c<sub>2</sub>V<sub>2</sub> and n total = n<sub>1</sub> + n<sub>2</sub> 2. Calculate the total volume - V total = V<sub>1</sub> + V<sub>2</sub> 3. C final = n total / V total
