Confused about iDVD chapters??? | MacRumors Forums

When you add a chapter marker, its name appears in the Chapter Title area of the Chapters pane. iMovie HD automatically names a chapter after the clip that appears at the marker's location. When you use that movie in an iDVD project, iDVD names buttons according to the chapter titles.

Creating Chapter Markers | iMovie HD: Making Movies | Peachpit

My project is 2 hrs and 1 minute long. I'm using iMovie '11. I'm trying to export my movie to iDVD with the chapters. The chapters are the main thing. I want those chapters, and the only way to get them is to set them up in imovie and export it to idvd. When I got this message the first time, I exported the movie to quicktime so I could downsize the file size.
