Interactive Writing

Interactive writing makes the writing process visual to the whole class, and English learners who are not yet writing can contribute by illustrating the interactive writing. Interactive writing is context-embedded instruction that taps the prior knowledge of students. It also involves social interaction and cooperation among students.

Interactive Writing | Reading Rockets

Many teachers of adults learning English have found dialogue journals, interactive writing with a teacher or other individual, to be an important part of their classes. Dialogue journals not only open new channels of communication, but they also provide natural contexts for language and literacy development.

Dialogue Journals: Interactive Writing to Develop Language ...

Interactive writing. Interactive writing involves the teacher sharing the pen – or other writing implement – with the students. The teacher records words that are already known, so that the students can strategise around words that challenge them. Because interactive writing involves the students in the physical act of writing, it is a powerful teaching approach for advancing students’ overt awareness of spelling strategies and of handwriting skills.

Interactive writing

Children's language ability affects learning and development in all areas, especially emerging literacy. Emerging literacy refers to the knowledge and skills that lay the foundation for reading and writing. For infants and toddlers, emerging literacy is embedded in the Language and Communication domain.
