"Surroundings" is a great book. If you've any interest in traditional Japanese architecture, get this book. Edward Morse was an American who went to Japan in 1877 to study brachiopods. He ended up recording a vanishing way of life instead. He tells you how Japanese homes were built and why they were built that way.

Japanese Homes and Their Surroundings (Dover Architecture ...

In this book the author writes about the more than four years he spent visiting hundreds of Japanese homes and learning as much as possible about their construction, design, furnishings, and relative merits. It is the only authentic record of the traditional home — mats, lamps, screens, gardens — from its general plan to the smallest decorative detail. 307 illustrations.
