Lindamood Manual and Phyllis D. Lindamood. The contribution of the LIPS® Program is the development of an oral-motor, visual, and auditory feedback system that enables all students to prove the identity, number, and order of phonemes in syllables and words. It is more basic and more extensive than traditional phonics programs. View a sample from the manual.

Lindamood Phoneme Sequencing® Program for Reading ...
The Lindamood Phoneme Sequencing (LIPS) Program manual provides the theory and specific steps to develop phonemic awareness and apply that sensory-cognitive function to reading, spelling, and speech. The manual describes the important questioning techniques that stimulate articulatory feedback for verifying sounds within words.

LIPS The Lindamood Phoneme Sequencing Program (For Reading ...
9 T he Visualizing and Verbalizing for Language Comprehension and Thinking (VIV) program was developed without knowledge of the theoretical model of dual coding, but it soon became evident that the premise and steps of VV embodied DCT. The goal of the VV program is to develop concept imagery for oral and written language processing.
