Read Book Middle And Secondary Classroom Management Lessons From Research And Practice

Secondary
Classroom management is critically important in the middle grades years when students are more likely to experience declines in academic motivation and self-esteem (Anderman, Maehr, & Midgley, 1999). Research indicates that these declines can be linked to the classroom, and particularly to teacher-student relationships (Furrer & Skinner, 2003).

Classroom Management Strategies for Difficult Students

Managing the middle school classroom is a notoriously difficult task. After all, middle school teachers face, on average, 125 students per day, most of whom are dealing with some level of social, personal and cognitive challenges due merely to the fact that they are reaching the precocious stage of early adolescence. Beyond that, many will also experience, in tandem, a drop in their self ...
