The Western Sahara conflict is an ongoing conflict between the Polisario Front and the Kingdom of Morocco. The conflict originated from an insurgency by the Polisario Front against Spanish colonial forces from 1973 to 1975 and the subsequent Western Sahara War against Morocco between 1975 and 1991. Today the conflict is dominated by unarmed civil campaigns of the Polisario Front and their self ...

Since the onset of the Arab Spring, Morocco has experienced protests about a diverse range of economic, political, and social issues. King Mohammed VI responded rapidly to the early protests, implementing a new constitution in 2011. However much of the literature suggests that, to date, these reforms have had a limited impact. Moreover, there have [...]

Morocco - Morocco - Climate: Most of Morocco north of the Western Sahara, particularly along the coasts, experiences a typical Mediterranean climate, with mild wet winters and hot dry summers. The rainy season generally extends from October to April. Torrential downpours occasionally produce devastating floods, but overall several factors act to reduce the country's rainfall.

### **Morocco - Climate | Britannica**

Western Sahara is a political oddity, distinct from the rest of Morocco. Colonised by Spain and forming part of the Spanish Sahara territory, it was relinquished in 1975 and promptly claimed by both Morocco and Mauritania; in the end, Morocco won out, organising a mass march of Moroccans into the territory and forcing Mauritania to bow out.

### **Morocco and Western Sahara - Small Group - Native Eye Travel**

A central feature of the book is a ground-breaking sociological study of the social, economic and political integration of the Saharan population within Moroccan society. Mohamed Cherkaoui undertakes a detailed and rigorous analysis of the available social and economic data on this subject going back over 40 years.
