Mutineer Alexis Carew Book 2

This book is second in the series of Alexis Carew, which is a very good tale that is very reminiscent of C.S. Forrester's Hornblower saga and the epic clashes between Great Britain and France for naval supremacy. In this adventure, Midshipman Carew is assigned to VERY unhappy ship HMS Hermione with a cruel at best captain.

Shelves: science-fiction, fiction, audio-book This is book two of the Alexis Carew series. When we left Alexis in book one she was being transferred (against her Captains wishes) to HMS Hermione, the ship has an unhappy crew, a cruel Captain and a war starting. I noted that Sutherland borrowed the idea from British Naval history.

This book is second in the series of Alexis Carew, Midshipman Carew is assigned to VERY unhappy ship HMS Hermione with a cruel at best captain. The whole story is a based around of one of the bloodiest mutiny's in the history of the British navy..I really liked the first book and this follow up is as good. Waiting for the 3rd book in the series.
