Natural Gas Problems And Solutions

Yesterday I was interviewed on an energy-related television show about natural gas drilling in the U.S. and some viewers thought I was too pro-drilling, others thought I was too anti-drilling. My reaction to that is: PERFECT! That was precisely my intention - to be a balanced voice in the discussion

Natural gas drilling: Problems and solutions

The costs of battery storage are falling rapidly and will soon be more competitive than gas-based solutions. Gas has reached the end of the bridge and we must start planning the transition ...

Natural gas: Part of the problem or the solution ...

If there is a natural gas problem, it is the fact that electric consumers do not see the real implications of their demands for electricity because we hide price from them. If consumers saw peak and off peak electricity prices, we would have a different distribution of consumption, lowered overall consumption of electricity, and less demand for natural gas in electric generation.

The Problem with Natural Gas | Energy Central

Ajwain (carom seed) water is a great natural remedy to curb gas. The seeds contain essential oils that stimulate the salivary glands, which helps in the better digestion of food and prevents the formation of excess gas. (13) How to use: Add 1 teaspoon of carrom seeds to a cup of water and allow it to soak overnight.

Home Remedies to Relieve Gas and Bloating - eMediHealth
