Nicander The Poems And Poetical

This is an affordable edition and translation of a minor Hellenistic poet named Nicander of Colophon. He is not a 'poetic' poet, if you know what I mean but rather an adapter. People enjoyed reading poetry, even for didactic purposes so Nicander wrote two surviving poems. One on bites from venomous animals and another poem on botany (helpful medicines, etc as cures for the bites). Another example of this type of poetry is the Phaenomena of Aratus.

Amazon.com: Nicander: The Poems and Poetical Fragments ...

Originally published in 1953, this volume gathers together the poems of Nicander (2nd century BC), the renowned Ancient Greek poet, physician, and grammarian. Consummately edited, the text contains the original Greek poetry with a parallel page translation, together with a brief biography, an introduction to the verse, and a generous notes section at the end.

Nicander: The Poems and Political Fragments by Nicander of ...

Excerpt. Nicander has some claims upon the attention of students both of ancient literature and of ancient science. Medicine, zoology, botany, and mineralogy are the themes of his two extant poems; whatever his exact date he belongs to a period from which little Greek literature of any kind has survived; and among later writers Virgil and Ovid were in his debt.

The Poems and Poetical Fragments by Nicander, 1997 ...

Nicander of Colophon (Greek: Νίκανδρος ὁ Κολοφώνιος Níkandros ho Kolophónios; fl. 2nd century BC), Greek poet, physician and grammarian, was born at Claros (Ahmetbeyli in modern Turkey), near Colophon, where his family held the hereditary priesthood of Apollo. He flourished under Attalus III of Pergamum.

Nicander - Nicander Poems - Poem Hunter

Summary: Medicine, zoology, botany and minerology are the themes of Nicander's two extant poems of the Hellenistic period. Fragments of other poems also survive, and these had an influence on later poets, notably Virgil and Ovid. This translated edition was first published in 1953 and is fully annotated.

Poems and poetical fragments | Open Library

Nicander of Colophon, Greek poet, physician and grammarian, was born at Claros, near Colophon, where his family held the hereditary priesthood of Apollo. He flourished under Attalus III of Pergamum. He wrote a number of works both in prose and verse, of which two survive complete. The longest, Theriaca, is a hexameter poem on the nature of venomous animals and the wounds which they inflict. The other, Alexipharmaca, consists of 630 hexameters treating of poisons and their antidotes. Nicander's m

Nicander wrote a number of works in both prose and verse, of which two are preserved. The longest, Theriaca, is a hexameter poem of 958 lines on the nature of venomous animals and the wounds they inflict. The details of this work were taken from the prose writings of Apollodorus, an early 3rd-century writer.

The poems and poetical fragments (Book, 1979) [WorldCat.org]

The last decades have shown that Nicander's Theriaca (second century b.c.e.), a didactic hexameter poem of 958 lines on snakes, scorpions, spiders, and the proper treatment of the wounds they inflict, is a markedly more playful work than most readers thought.
