In the most recent issue of First Things (February 2014), Stephen Meredith attempted to critique Intelligent Design theory, by, essentially creating straw-men arguments or by debating issues others have dealt with well.. Later in this "short" review of topics that caught my critical eye, we will see the similar vein John Derbyshire takes in the January/February (2014) issue of The American ...

I don't think you understand what the word "contradict" means. Lol, you are the one who does not understand. Ok, let's break things down: (1) Do you agree that according to you, there is no genetic marker which separates "blacks" from "non-blacks" and therefore "blacks" is not a "useful genetic grouping"?

A recent four part series of blog posts written by Fr. John Hunwicke (an Anglican convert of the Ordinariate of Our Lady of Walsingham) under the title “ Is the Pope a heretic? ” are being hailed, even by certain tradition-minded persons, as an example of keen analysis.. Readers will most certainly recall the multi-part series of articles written by Fr. Jean-Michel Gleize, SSPX, which ...

Well, it's obvious why - Christianity and its god is nonsense. There could be no clearer sign that Christianity is a man-made bunch of bollocks, than to look at its claims on objective morality. All these special pleadings about context and new vs old covenants are the dying gasps of a belief system that before long won't have anyone even ...
