How To Repair A Broken Car Antenna -EricTheCarGuy

Planning to mount a CB antenna, thought using the torx bolts on the A pillar would make a super-easy install (just get a piece of stainless steal, drill some holes and bend it so antenna mounts vertical). Thought the hood would provide a good RF Ground too, and this location would require a shorter coax than mounting on the rear of the jeep.

CB Antenna on A-Pillar? Looking for opinions | Jeep ...

But then I came across a thread where the person mounted a lip mount on the back tailgate (some mounts will rotate) to the right of the spare tire. This allowed for super easy access to the inside to run the antenna wire. Here is the mount I used (NMO version). Diamond® Antenna ~ K400 Trunk/Hatchback Mount My antenna is a Comet 2x45R.
