practice, including extensive treatment techniques for a range of mental health issues. The text is designed to be accessible to students at a range of different learning levels, from first year undergraduates to post-graduate researchers and those undergoing clinical training.

Amazon.com: Psychopathology: Research, Assessment and ...

An influential variant of the conditioning explanation of phobias was the two-process model. 7 This account suggested that classical conditioning was responsible for the acquisition of a fear, but that the phobic also learnt that avoiding the phobic stimulus reduced such fear. This second, fear-reducing effect of avoidance acted to reinforce persistent phobic avoidance and prevent extinction ...
