### Robin Reliant Engine Compartment

The Reliant engine received further modifications in October 1972 when the capacity was updated again to 748cc for the Rebel and then for new Robin range that was soon to follow. Technical Details: (Example from 1974 Robin) Reliant four cylinder high efficiency overhead valve, water cooled. Bore (2.46") 62.5 mm. Stroke(2.4") 60.96 mm ...

### Reliant Engines

The Reliant Robin is a small three-wheeled car produced by the Reliant Motor Company in Tamworth, England.It was offered in several versions (Mk1, Mk2 and Mk3) over a period of 30 years. It is the second-most popular fibreglass car in history, with Reliant being the second-biggest UK-owned car manufacturer for a time.

### Reliant Robin - Wikipedia

I also bought a Reliant Rialto for its 850cc engine. The early history of the car is not known. During the 1970s the chassis of the car was shortened, with the position of the engine moved from front and centre (like a Lotus Seven) to a position to the left of the driver, the format that most Class C cars follow today.

### Robin Reliant Engine Compartment - ox-on.nu

Reliant vehicles, like the Robin, Regal, and utilitarian Supervan, are three-wheeled and built around a motorcycle engine. Drivers only need have a motorcycle license to pilot a Reliant on public roads and even though 29 hp is not much power, it is enough to propel the diminutive ride to highway speeds.

### Rolling a Reliant Robin - Top Gear - BBC - YouTube

The Reliant Kitten was the 4-wheeled version of the 1970s Reliant Robin, designed to replace the Rebel and featuring the 850 cc version of Reliant's own engine, which was introduced in 1975 (with the Reliant Robin gaining the engine shortly afterwards). The design this time featured very heavily on the Reliant Robin with only the nose of the design being different, having square headlights and a black panel around them – this was done mainly for cost-saving reasons so the parts from both ...

### Robin Reliant Engine Compartment - gardemypet.com

The Reliant Rialto (1985 - 1998) The Reliant Rialto succeeded the Reliant Robin in January 1982. Whilst there were a few similarities with the Robin and indeed used the same doors, the new wedge shaped fibreglass body was now mounted onto a galvanised chassis (though some late Reliant Robins were also reported to have had a galvanised chassis). Power was again delivered by Reliant's 850cc aluminium water cooled engine and with the added aerodynamics of the vehicle's shape, the Rialto was a ...

### UK's rarest cars: Reliant Robin Silver Jubilee, a three ...

Reliant Robin (3 wheeler)-1974. The Robin replaced the Regal. It has a fiberglass body attached to a box steel chassis. It features a rear opening window that soon became a trend used on cars around the globe. The rear seats folded down for full use of the 30 cubic foot luggage compartment. Thousands were produced and shipped world-wide, and the Reliant Robin became one of the most famous three-wheelers in England.
