### Theory Of Structures Book S Ramamrutham R Narayan

Giddens's framework of structure differs from that in the classic theory. He proposes three kinds of structure in a social system. The first is signification, where meaning is coded in the practice of language and discourse. The second is legitimation, consisting of the normative perspectives embedded as societal norms and values.

The theory of structuration is a social theory of the creation and reproduction of social systems that is based in the analysis of both structure and agents (see structure and agency), without giving primacy to either. Further, in structuration theory, neither micro - nor macro-focused analysis alone is sufficient.
