**BGS Lexicon of Named Rock Units - Result Details**

Abstract. Based on the results of a detailed magnetic study of the Lower and Middle Benue Trough of Nigeria carried out by the author and results of previous geophysical studies of the Benue Trough and of similar structures elsewhere in the world, a possible model for the tectonic evolution of the Benue Trough has been developed.

**A model for the tectonic evolution of the Benue Trough of ...**

Plate tectonic theory is based on the idea of the conservation of displacement at the ends of major faults1: ridges, trenches and triple junctions are linked by transform faults so that a plate ...
